

# Blockwise - Executive Summary Report

**Perception of Safety** - 53% of respondents overall felt mostly or completely safe in their neighborhood. 49% of respondents stated there was a place in their local area they did consider unsafe. The main reason people considered this place unsafe (43%) was because of "Social media or news reports". 78% of respondents reported not being victims of crime in the past 6 months, indicating expanded community perspective access.

The feed provides open text comments identifying general themes and specific issues and locations. Theft, Burglaries, and Break Ins was identified as the primary concern with respondents countywide (285 respondents) but was only the main concern in 2/5 areas. Streets and Traffic was the next largest concern (263) followed by Violence (209). [Click here to visit your site and explore your data.](#)
